**Task Order Statement of Work
Response to Comment on WAP Guidance
June 11, 2013**

BACKGROUND

The “*Waste Analysis at Facilities that Generate, Treat, Store and Dispose of Hazardous Waste: A Guidance Manual*,” also known as the Waste Analysis Plan (WAP) Guidance, has been used to determine whether waste analysis and waste analysis plan requirements apply to a RCRA Treatment, Storage and Disposal Facility (TSDF), provide guidance on how to develop and implement a WAP suitable for a TSDF, and assist federal and state permit writers in evaluating submitted WAPs and enforcement personnel in determining whether a facility is in compliance with their WAPs.

The original 1994 WAP Guidance was recently updated in January 2013 and was sent around for public comment through e-mails to operating TSDFs, state/regional permit writers, various trade associations and environmental groups, and through the EJ list serv. The guidance was also noticed on the ORCR web site at <http://www.epa.gov/epawaste/hazard/refdocs.htm#notice>.

This task order seeks to develop a response to comment document. Commenters had until **April 30, 2013 (June 14, 2013 for ASTSWMO)** to submit comments. This task order also seeks to modify the WAP Guidance at <http://www.epa.gov/epawaste/hazard/tsd/permit/tsd-regs/tsdf-wap-guide.pdf> based on those comments with input from the WAP Work Group.

TASKS

Task: One: Develop Comment/Response Document (Task Area 1 of Contract Level SOW)

At the end of the comment period, TOCOR will provide contractor with all comments that were submitted, along with a spreadsheet of comments. Contractor will collate and summarize all comments and prepare draft responses to them. Contractor shall prepare **one** draft version of the comment response document in Word. After completing Task Two, contractor will prepare a **second** draft of responses to comments by noting which comment responses the Work Group changed and modify the comment response document to reflect those changes. Contractor shall then convert the second draft to PDF for TOCOR to post on the ORCR website.

Task Two: Work Group Calls (Task Area 1 of Contract Level SOW)

Once the draft comment response document has been created, the TOCOR will send it to the WAP Work Group for discussion. The contractor shall participate in up to **six** 1-hour teleconferences with the WAP Work Group, which the TOCOR will set up, to discuss the responses and determine which ones are significant enough to make changes to the WAP

Guidance. Sessions will be recorded by the TOCOR and contractor will summarize each session.

Task Three: Modify WAP Guidance (Task Area 1 of Contract Level SOW)

Contractor shall then make changes to the WAP Guidance based on the comments that the Work Group determines are significant. Contractor shall prepare **two** drafts and **one** final version of the modified WAP Guidance, in Word. TOCOR will supply Word versions of the original document in several pieces: Introduction and Parts 1-3, Part 4-WAP1, Part 4-WAP2, Part 4-WAP3, Appendices, and Appendix Title Page. Contractor shall then PDF each revised final section and combine them into one PDF document ready for TOCOR to post on the ORCR website.

Period of Performance:

The period of performance is expected to be from July 1, 2013 until January 31, 2014.

Response to Comment on WAP Guidance
October 29, 2013**

BACKGROUND

The "*Waste Analysis at Facilities that Generate, Treat, Store and Dispose of Hazardous Waste: A Guidance Manual*," also known as the Waste Analysis Plan (WAP) Guidance, has been used to determine whether waste analysis and waste analysis plan requirements apply to a RCRA Treatment, Storage and Disposal Facility (TSDF), provide guidance on how to develop and implement a WAP suitable for a TSDF, and assist federal and state permit writers in evaluating submitted WAPs and enforcement personnel in determining whether a facility is in compliance with their WAPs.

The original 1994 WAP Guidance was recently updated in January 2013 and was sent around for public comment through e-mails to operating TSDFs, state/regional permit writers, various trade associations and environmental groups, and through the EJ list serv. The guidance was also noticed on the ORCR web site at <http://www.epa.gov/epawaste/hazard/refdoes.htm#notice>.

Task Two: Work Group Calls (Task Area 1 of Contract Level SOW)

Once the summary of all the highest priority recommended substantive comments has been created, the TOCOR will send it to the WAP Work Group for discussion. The contractor shall participate in up to **four** 1-hour teleconferences with the WAP Work Group, which the TOCOR will set up. Sessions will be recorded by the TOCOR for informational purposes. No call summaries will be needed.
